

Make your own chain bunting

Celebrate Scottish Learning Disability Week by making chain bunting.

Hang the chain bunting in your house, school, work or at an event.

Instructions

1. Cut the paper into strips following the dotted lines.

2. Set the strips on a flat surface, like a table.

3. Take one strip and form it into a loop, securing the ends with glue or tape.

4. Thread another strip through the loop and secure the ends to make a chain.

5. Continue this action until all of your strips are linked to finish your chain.
